

## CKLA Professional Development Offerings

Whether you are implementing our program for the first time or strengthening your instructional practices based on your students' needs, our goal is to support the growth and the success of all students. Amplify offers a wide range of professional development offerings that are designed to meet the unique needs of teachers and instructional leaders across different stages of learning:

### Foundations

Foundations sessions introduce you to CKLA programs and support you in a strong implementation. After learning about the research-based principles of the program's approach, the structure of materials, and key lesson segments, you will practice observing and delivering lessons within a collaborative environment.

### Strengthening

Strengthening sessions deepen your understanding of the program principles and how to move your CKLA instruction and student outcomes to the next level. Session offerings focus on data analysis, examining student writing, and targeted intervention instruction to effectively address your students' needs.

### Coaching

Coaching sessions elevate your instructional practice and support teachers' and schools' specific needs. You'll receive in-the-moment feedback and engage in collaborative planning.

Choose from a menu of popular topics geared to teachers and/or instructional leaders that include, but are not limited to, CKLA lesson modeling (conducted by an Amplify facilitator), classroom observations, or grade-level planning. The flexible onsite coaching design allows you to customize your time with an Amplify facilitator.

### Professional Development Packages

We offer Professional Development Packages designed to support schools and districts with successfully implementing CKLA and elevating literacy instruction in Year 1 and beyond. Each PD Package offers a different level of support for key stakeholders, using a variety of delivery modalities. We will also partner with you to design a custom PD proposal.

## CKLA Professional Development Formats

We work with you to meet your specific needs using flexible formats:

### Onsite Support

These sessions are delivered onsite at the customer's preferred location and support up to **30 participants**.

### Remote Support

These sessions are delivered remotely by an Amplify facilitator and support up to **15 participants**.

### Online Course

These sessions are taken by the participant at their own pace and are completed independently.
